FORESTADENT CAMPUS 365

Start your continuous education now!

Welcome to our campus

We'd like to give you the usual reliable and practical help to satisfy your thirst for knowledge that you'd expect from us with our new continuous education program. Let us assist you in your everyday practice and lab routines by demonstrating new treatment approaches, showcasing innovative product solutions and teaching treatment-related skills. Trust in our speakers' expertise and experience. They will help you to broaden your professional horizon. Whether you're after fixed appliances, skeletal anchorage, Class II correctors, CMD splints, a fully digital workflow, or a specifically selected addition to supplement traditional treatment methods - be curious and enjoy learning about trendsetting orthodontic solutions.

Buy now

Welcome to our 1st Online Symposium with the topic "digital".

We wanted to do this "double digital". At first it was completely online. Second, we invited an excellent mix of well-known experts in the world of digital orthodontics and of talented and creative orthodontists contributing to the development of digital workflows to the orthodontic profession.

Didn't have time to attend? No problem - you now have the opportunity to watch the **two-day program**

Speaker

1. Prof. Dr. Ravindra Nanda - Digital Orthodontics: State of the art and Future
2. Dr. Eugen Moskalenko - Different Digital Workflow in Orthodontics
3. Dr. Patrick Borbely - Control of the occlusal plane and changes in Cranio-Mandibular relationship in MLD
4. Dr. Giorgio Iodice - Palatal TADs & Insertion guide: advantages and clinical suggestions
5. Dr. Silvana Allegrini - The new era of Digital Lingual Orthodontics
6. Dr. Lars Christensen - Is digital orthodontics changing the way we care for our patients?
7. Stefano Negrini - The laboratory of the new millennium & its digital workflow!

Welcome to our campus

Online learning is becoming increasingly popular, with take-up soaring especially over the last few months due to the continuing coronavirus crisis. Whether you're doing it interactively or passively, from your home, in your practice, or when you're on the move – e-learning offers a multitude of advantages.

To provide interested individuals around the globe with an even more attractive e-learning experience in future, we have pooled our range of digital training and continuing education courses on the FORESTADENT Campus 365. Whether you're looking for upcoming live online course events, FORESTADENT online symposia, webinars, product courses, or training videos – here you'll find all the tools you need to make your on-screen learning comprehensive and appealing.
