

The
Two souls
of aligners

EVENT PRESENTED BY FORESTADENT
29TH SEPTEMBER - 1ST OCTOBER 2022, IBIZA

Welcome
to Ibiza

Dear friends and partners,

The topic of clear aligners is becomingly increasing popular – practically everyone is talking about it. We have been active in this market with our Accusmile aligners since back in 2014 and are taking this continuous positive development as an incentive to launch a new clear aligner concept at international level.

fas – the new FACE Aligner System – was developed by Dr Domingo Martín and Dr Alberto Canabez on the basis of the known FACE philosophy, which focuses on an aesthetically and functionally ideal treatment result with long-term stability. To achieve these aims, we use state-of-the-art technologies which enable more precise diagnostics, treatment planning and therapy.

"Two Souls" embodies our two clear aligner concepts on the one hand and the location that is hosting our event on the other: Santa Eulalia on the east coast of

Ibiza – the hotspot of hippy culture. Ibiza is an island renowned for hippies and its thriving nightlife scene, yet its old town is a UNESCO World Heritage Site full of history, art and culture. Ibiza – the island with two contrasting souls which come together to make a whole.

You can look forward to two days of inspiring talks and exciting discussions in one of Ibiza's most stunning locations.

fas

FACE Aligner System

fas is a project by Dr Domingo Martín and Dr Alberto Canabez, which enables aligner treatment in line with the high standards of the FACE philosophy. This means, among other benefits:

fas considers patients and their treatment options on a case-by-case basis. Thanks to this approach, as well as extensive diagnostics, which form an essential component of the FACE philosophy, case planning is made more reliable and efficient.

In addition to the established two-dimensional and three-dimensional data, fas is also able to incorporate the fourth dimension, in other words the individual and real rotational movement of the jaw, into the planning. In this way, the mandibular joint and occlusion are brought into alignment in order to achieve one of the main aims of the treatment philosophy – functional and aesthetic long-term stability.

Staying true to the ideals behind the FACE philosophy, parodontal health and the final position of the tooth roots in the jaw bone are also important topics. By using digital volume tomography, the real roots can be incorporated into the treatment plan.

The background of the page is a warm, golden-hour photograph of a beach. In the foreground, a lit candle sits on a piece of driftwood on the sand. To the right, a tall, elegant glass filled with a light-colored beverage and ice is visible. A cork lies on the sand near the candle. The overall atmosphere is relaxed and sophisticated.

Get-together and sunset party

Entirely in keeping with FORESTADENT's traditional and hospitable style, we are looking forward to welcoming you to a get-together on 29th September 2022. Whether this will be on your first day upon completing the additional course or after you arrive on the island – sit back, relax and feel the Ibiza vibes – we're keeping things casual.

Ibiza and its sunsets, which need no further introduction, a trendy location, a chilled-out DJ playing the famous music of the Del Mar Lounge, some Spanish tapas paired with the right drinks and like-minded souls – it doesn't get any better than this. Join us at our sunset party on 30th September 2022. And what dress code could be more perfect than "hippy style"? Whether you're a hippy at heart or not, like to dress up or have a more laid-back style – what matters is that you feel good.

*Both events are included in your booked package.

Palacio de Congresos de Ibiza

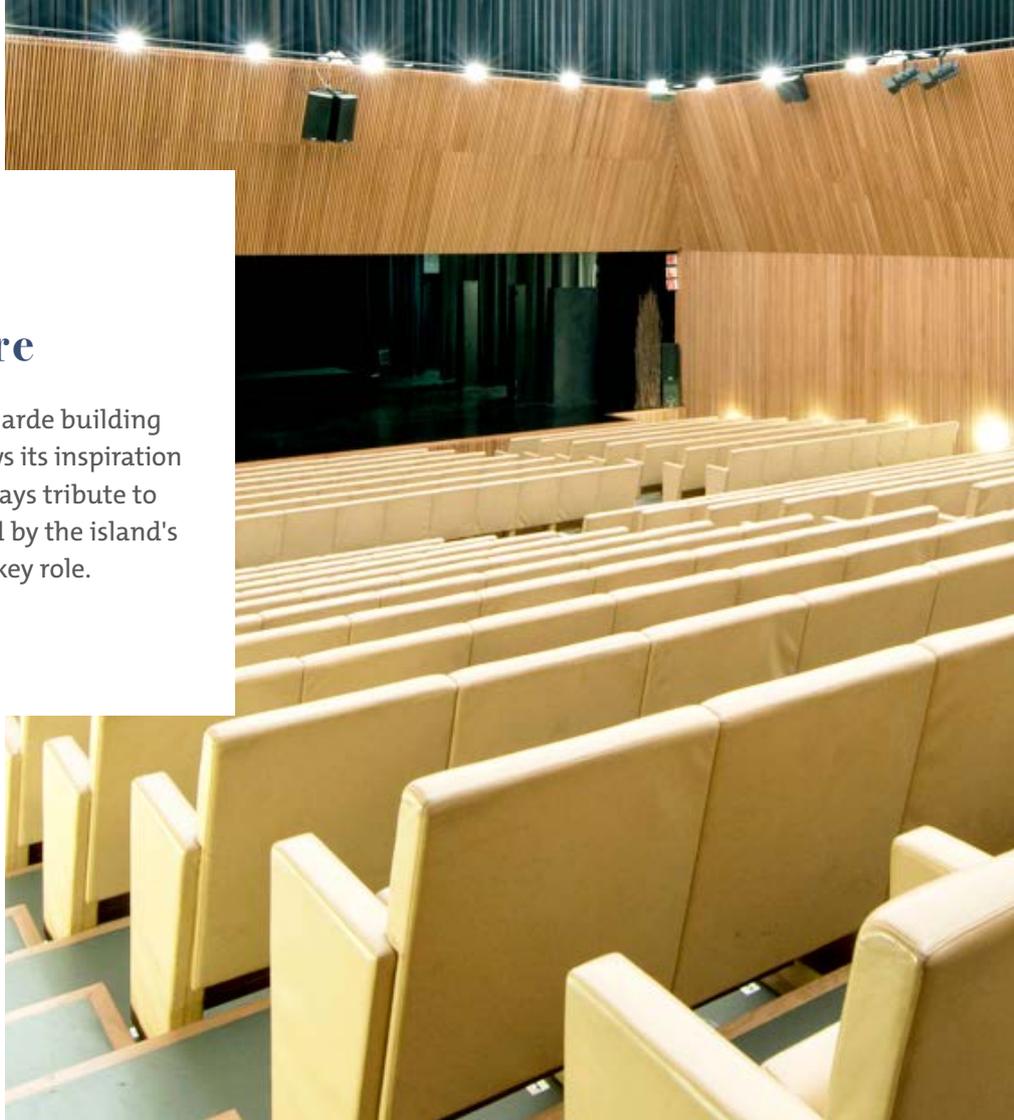

The Ibiza Conference Centre is only a few metres away from the town centre of Santa Eulalia del Río, just 25 kilometres from Ibiza Airport. Officially opened in 2008, it is a modern building that places the island at the forefront of conference tourism.

It is set in a large area of pine forest only 40 metres from the seashore. Its spectacular location and state-of-the-art facilities make it a unique place for holding conferences, conventions and all kinds of events.

Top architecture

This versatile yet functional avant-garde building stands out from the landscape. It draws its inspiration from traditional architecture and pays tribute to traditional Ibizan homes – influenced by the island's natural essence, light plays a key role.

Aguas de Ibiza

Hotel

The 5-star hotel in Santa Eulalia has been recognised as the island's most environmentally friendly boutique hotel. Thanks to intelligent building automation and systems for saving water and energy, the hotel has succeeded in holistically implementing its eco-luxury philosophy. The rooms abundant with light, premium design and comfort were inspired by feng shui and offer an idyllic oasis for achieving harmony between body and mind.

The hotel is right next to the Palacio de Congresos de Ibiza Conference Centre.

If you would like to book a stay at the Aguas de Ibiza Hotel, we would be happy to help with special rates for our contingent of hotel rooms.

Sol Beach House **Hotel**

The hotel is located in a stunning spot directly by the sea and near the marina and Santa Eulalia bay. The adults-only (16+) hotel is the perfect place to enjoy some relaxation and recovery – always in an unmatched atmosphere with breath-taking sea view. The new rooftop with pool, hammocks and a breathtaking sea view is located at the top of a building next to the hotel.

This hotel is also right next to the Palacio de Congressos de Ibiza Conference Centre, which is just a short walk away.

If you would like to book a stay at the Sol Beach House, we would be happy to help with special rates for our contingent of hotel rooms.
