

FORESTADENT PRESENTS

**AIRWAY
SYMPOSIUM**

MIAMI
FLORIDA (USA)

13th-15th
NOV. 2020

WELCOME TO MIAMI

Dear friends & colleagues,

What treatment do you offer your patients who have airway issues? Is it any different for a child or an adult? How about an infant? Would you be interested in learning from the leaders in airway management what they do for patients of different ages?

We have assembled world renowned experts from orthodontics, oral surgery and other specialties to discuss treatment strategies and interdisciplinary approaches for improved airway management of their patients. They will share their experiences in treating airway restrictions from infants to adults.

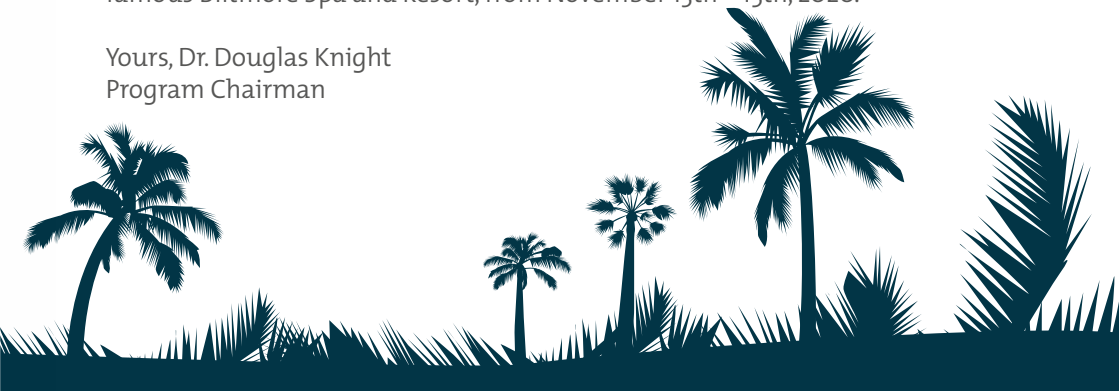

The Airway Symposium in Miami will span three days and cover:

- In-depth exploration and discussion of the significance of nasal breathing.
- Key aspects of establishing an interdisciplinary team of treatment providers.
- Treatment planning for optimal outcomes.
- Determining clinical treatment guidelines for all age groups.

Whether you are an Orthodontist, ENT, Pediatric Dentist, Oral Surgeon, Restorative Dentist, Sleep Specialist, Pediatrician, Myofunctional Therapist or any other clinical professional dealing with respiratory issues, this unique event is an opportunity not to be missed!

Please plan on joining myself and Dr. Ravi Nanda, our Program Moderator, at the famous Biltmore Spa and Resort, from November 13th – 15th, 2020.

Yours, Dr. Douglas Knight
Program Chairman

The background is a solid teal color with silhouettes of palm trees in the corners. The word 'MIAMI' is centered in a large, white, bold, sans-serif font, with a thin white horizontal line above and below it. Below 'MIAMI' is the phrase 'GATEWAY TO THE CARIBBEAN' in a slightly smaller, white, bold, sans-serif font, also with thin white horizontal lines above and below it.

MIAMI

GATEWAY TO THE CARIBBEAN

Skyscrapers, endless beaches, vibrant street life and Caribbean flair – it's this very special mix that gives Miami its charm. Everything seems possible in this "Magic City", where more Spanish is spoken than English.

Because of its proximity to the islands of the Caribbean Sea, Miami is also known as the Gateway to the Caribbean. Every day, ships set sail from the world's largest cruise port towards the Bahamas, St. Lucia, Antigua and Barbados.

STROLL ON THE OCEAN DRIVE

Miami offers stunning beaches. South Beach, made popular by TV and film, is the most well-known of these. Scattered with brightly colored lifeguard stands, the finest white sand kisses the turquoise-blue ocean.

Parallel to the beach runs Ocean Drive. Beautiful Art Deco buildings line Miami's most famous boulevard. Its pastel-colored facade houses innumerable hotels, bars, clubs and restaurants.

PARADISE IN PASTEL

Especially at night, the Art Deco District invites people to enjoy a nice stroll through the streets, listen to music and dance, as the pastel colors illuminate on the buildings.

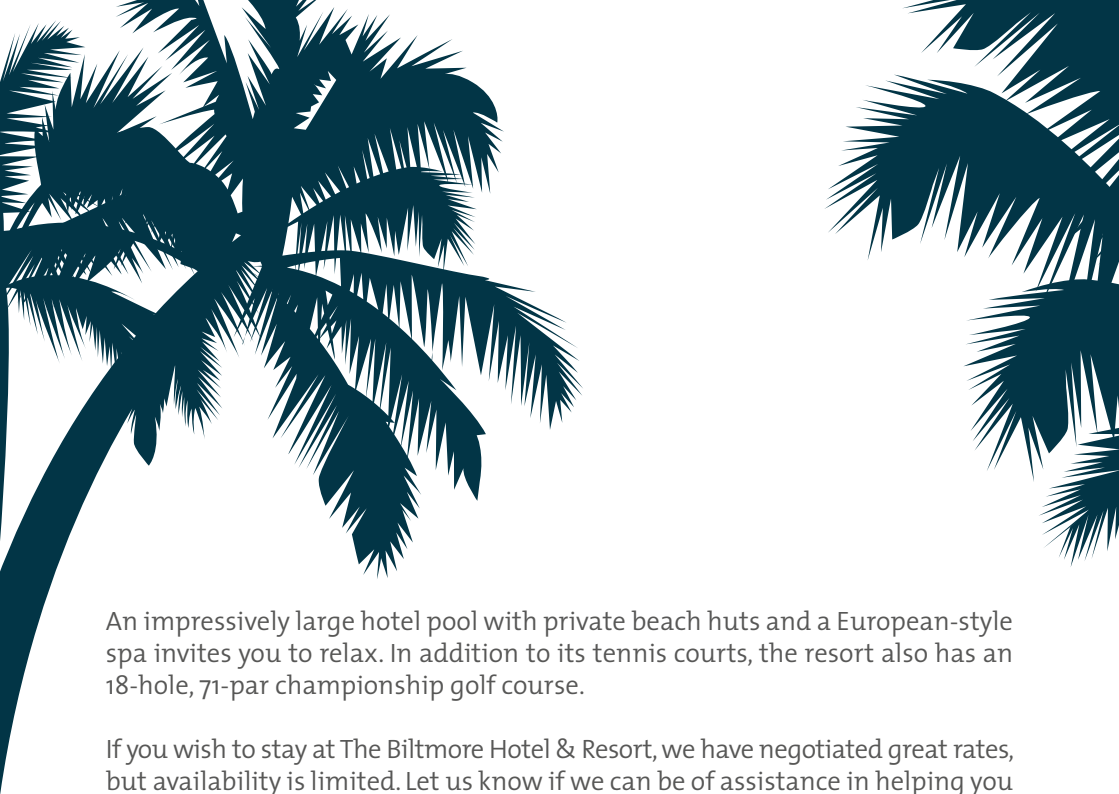

BILTMORE

HOTEL & RESORT

The Airway Symposium will take place at the elegant Biltmore Hotel & Resort. Located in the exclusive Coral Gables area, it offers perfect conditions for an outstanding event. Its proximity to Miami Beach and the city Centre makes this Mediterranean style luxury hotel the ideal starting point for excursions.

Opened in 1926, the resort is set on 60 acres of tropical landscape and comprises 271 opulent rooms and suites.

An impressively large hotel pool with private beach huts and a European-style spa invites you to relax. In addition to its tennis courts, the resort also has an 18-hole, 71-par championship golf course.

If you wish to stay at The Biltmore Hotel & Resort, we have negotiated great rates, but availability is limited. Let us know if we can be of assistance in helping you with your accommodations.

GET TOGETHER EVENING

The Airway Symposium will commence Thursday, November 12th, 2020, with Forestadent's Opening Night Reception at the Biltmore Hotel & Resort, where you will toast to three exciting and insightful days you will not soon forget.

GALA DINNER

AN UNFORGETTABLE EVENT

On the evening of November 13, 2020, we invite you to an enchanting evening. Experience an unforgettable dinner event with Caribbean flair, culinary delights and exhilarating rhythms. Enjoy an exceptional evening with your colleagues and friends and let this exotic night turn into a wonderful memory.

This event is included in your booked package. Please see the registration page for information regarding fees for your accompanying guest.

TOP SPEAKERS ARE WAITING FOR YOU

We have assembled thirteen prominent authorities in their fields who are set to inspire you with their exceptional expertise, compelling topics and professional engagement.

The congress language is English.

Dr. Ravi Nanda
Moderator

Dr. Ravindra Nanda is Professor Emeritus, Former UConn Alumni Endowed Chair and Head of the Department of Craniofacial Sciences and Division of Orthodontics, University of Connecticut, Farmington, Connecticut, U.S.A. Dr. Nanda is the author and co-author of seven orthodontic books and more than two hundred and fifty scientific and clinical articles in major journals. He is Editor-in-Chief of Progress in Orthodontics. He is on the editorial board of ten different national and international orthodontic journals. He is also an associate editor of Journal of Clinical Orthodontics.

He is an active member of various organizations, including the American Association of Orthodontists, European Orthodontic Society and Edward H. Angle Society.

Kentucky native Dr. L. Douglas Knight has been practicing orthodontics since 1995. After receiving his undergraduate and dental degrees from the University of Kentucky, he joined the Army Dental Corps, where he served for 7 years in several military assignments. He practiced General Dentistry for seven years before attending a two-year orthodontic residency program at New York University, where he earned his Certificate in Orthodontics and Dentofacial Orthopedics. Dr. Knight lectures frequently on topics such as skeletal anchorage plates and dentoalveolar distraction osteogenesis (DDO). He is a recipient of the Pacesetter Award from the Roth Williams International Society of Orthodontists (RWISO) and recently was named one of the nation's top dentists by Woodward/White, a highly respected publishing firm.

Dr. Douglas Knight
Programme Chairman

Patrick McKeown
Keynote Speaker

Patrick McKeown is a graduate of Trinity College Dublin. In 2002, Patrick completed his clinical training in the Buteyko Breathing Method at the Buteyko Clinic, Moscow, Russia. This training was accredited by Professor Konstantin Buteyko. Having suffered from asthma, rhinitis and sleep-disordered breathing for over 20 years, Patrick is able to offer both theoretical knowledge and his own experiences to help clients to overcome similar challenges. To date, Patrick has written seven books and produced two DVD sets on the Buteyko Method, including three Amazon.com and Amazon.co.uk best-sellers: *Close Your Mouth*, *Asthma-Free Naturally*, and *Anxiety Free: Stop Worrying and Quieten your Mind*. His latest book, *The Oxygen Advantage*, improves sports performance by addressing dysfunctional breathing patterns and simulating high altitude training.
